

## **INFO 5002: Introduction to Python for Information Systems**

### **Course Information**

Course Title: Introduction to Python for Information Systems

Course Number: INFO5002

Term and Year: Fall 2024

Credit Hours: 4

CRN: 17690

Course Format: On-Ground Course

### **Instructor Information**

Full name: Abdolreza Mosaddegh

Email Address: a.mosaddegh@northeastern.edu

### **Instructor Biography**

Post Doctorate, Deep Learning, Cornell University

Post Doctorate, Machine Learning, King's College London

PhD, IT Engineering - Big data Analytics, TMU University

### **Teaching Assistant Information**

Full Name: Shubham Krishnakumar Nair

Email Address: nair.shu@northeastern.edu

### **Course Description**

This hands-on course offers students an opportunity to acquire knowledge in the core concepts of Python programming language and the skills for developing applications using Python libraries. It covers the essential concepts of software development and object-oriented programming besides software engineering tools and techniques in Python.

### **Course Learning Outcomes**

- 1) **Develop Proficiency in Core Python Concepts:** Students will acquire the fundamentals for Python programming concepts, including variables, data types, operators, control structures, functions, and basic object-oriented programming.
- 2) **Employ Python Tools and Libraries for Information Systems Development:** Students will possess the ability to use Python's extensive ecosystem of tools, libraries, and environments to craft robust applications tailored for information systems.

- 3) Implement File Handling and Data Processing Techniques: Students will be able to read from and write to files, handle exceptions, and use regular expressions in Python. They will have the ability to download, parse, and manipulate data files, thereby applying Python to practical data processing and information systems tasks.

**Course Schedule/Topics Covered.**

Week	Date	In Class Topic	Assignment Due
1	09/06	Introduction to Python Programming Language and Data Types	
2	09/13	Control Structures	
3	09/20	Functional Programming	
4	09/27	Object Oriented Programing	
5	10/04	Lists, dictionaries and Comprehensions	
6	10/11	Sets, Series, and Data Frames	
7	10/18	IO, File Operations, and Exception Handling	
8	10/25	Regular expression, Midterm Exam	
9	11/01	Graphical User Interface	
10	11/08	Introduction to Web Development, Database Handling	
11	11/15	Introduction to Data Analytics and Visualization in Python	
12	11/22	Threading, Parallel Processing, and Introduction to Big-data Analytics	
13	12/06	Presentation of Final Projects	
14	12/13	Final Exam	

**Assignment Grading**

- Assignments: 45%
- Midterm Exam: 15%
- Final Exam: 20%
- Final Project: 20%

**Grading Scale**

	87-89.9% B+	77-79.9% C+	69.9% or below F
95-100% A	84-86.9% B	74-76.9% C	
90-94.9% A-	80-83.9%B-	70-73.9% C-	

**Attendance/Late Work Policy**

Attendance Policy

Students registered in MGEN courses (INFO, CSYE, and DAMG) are allowed **a maximum of 2 absences per course, with 3 or more absences resulting in an automatic 'F' for that course.** Students are expected to inform their instructors of any absences in advance of the class; if a student is sick long-term or experiences a medical issue that prevents class attendance, it is strongly encouraged that they speak with their Academic Advisor ([coe-mgen-gradadvising@northeastern.edu](mailto:coe-mgen-gradadvising@northeastern.edu)) to learn more about the Medical Leave of Absence. Should a student anticipate being unable to attend 3 or more classes, they should discuss their situation with their Academic Advisor to explore other types of leave in accordance with the University's academic and global entry expectations. International students should review the Office of Global Services webpage to understand their visa compliance requirements.

Teaching Assistants (TAs) or Instructional Assistants (IAs) will be present at each class to collect student attendance.

#### Late Work Policy

Students must submit assignments by the deadline in the time zone noted in the syllabus. Students must communicate with the faculty prior to the deadline if they anticipate work will be submitted late. Work submitted late without prior communication with faculty will not be graded.

#### End-of-Course Evaluation Surveys

Your feedback regarding your educational experience in this class is particularly important to the College of Engineering. Your comments will make a difference in the future planning and presentation of our curriculum.

At the end of this course, please take the time to complete the evaluation survey at <https://neu.evaluationkit.com>. Your survey responses are **completely anonymous and confidential**. For courses 6 weeks in length or shorter, surveys will be open one week prior to the end of the courses; for courses greater than 6 weeks in length, surveys will be open for two weeks. An email will be sent to your Northeastern University Mail account notifying you when surveys are available.

#### Academic Integrity

A commitment to the principles of academic integrity is essential to the mission of Northeastern University. The promotion of independent and original scholarship ensures that students derive the most from their educational experience and their pursuit of knowledge. Academic dishonesty violates the most fundamental values of an intellectual community and undermines the achievements of the entire University.

As members of the academic community, students must become familiar with their rights and responsibilities. In each course, they are responsible for knowing the requirements and restrictions regarding research and writing, examinations of whatever kind, collaborative work, the use of study aids, the appropriateness of assistance, and other issues. Students are responsible for learning the conventions of documentation and acknowledgment of sources in their fields. Northeastern University expects students to complete all examinations, tests, papers, creative projects, and assignments of any kind according to the highest ethical standards, as set forth either explicitly or implicitly in this Code or by the direction of instructors.

### **University Health and Counseling Services**

As a student enrolled in this course, you are fully responsible for assignments, work, and course materials as outlined in this syllabus and in the classroom. Over the course of the semester if you experience any health issues, please contact UHCS.

For more information, visit <https://www.northeastern.edu/uahcs>.

### **Student Accommodations**

Northeastern University and the Disability Resource Center (DRC) are committed to providing disability services that enable students who qualify under Section 504 of the Rehabilitation Act and the Americans with Disabilities Act Amendments Act (ADAAA) to participate fully in the activities of the university. To receive accommodations through the DRC, students must provide appropriate documentation that demonstrates a current substantially limiting disability.

For more information, visit <https://drc.sites.northeastern.edu>.

### **Library Services**

The Northeastern University Library is at the hub of campus intellectual life. Resources include over 900,000 print volumes, 206,500 e-books, and 70,225 electronic journals.
